

Covenant Renewal Christ Covenant January, 2012

Covenant Renewal 2012
Christ Covenant

Several times through the history of Israel, the Family of God would reassess their life with God and respond with a time of "Covenant Renewal." It was not a change in their faith or identity. They were God's People because of His grace. It was instead a purposeful and renewed step deeper into their faith and identity as Children of God.

Over the course of this month, take time to look back over 2011 and consider how these three spiritual disciplines have functioned in your life:

- Bible Reading
- Prayer
- Service

Now, prayerfully "look" forward to 2012 and consider how you can step deeper into the Father's grace with a renewed commitment to these same three responses. We encourage you to write in your "grace goal" in each area:

- Bible Reading
- Prayer
- Service

On Sunday, January 22, you will have the opportunity to sign and return your grace goals as part of our worship. Our plan is to return them to each person next January as part of a new season of Covenant Renewal at Christ Covenant.

(signed)

- Check here if you would like to speak with Pastor Bill regarding your covenant renewal commitment. Otherwise, it will be kept confidential and returned to you in January of 2013.

Fold and return during January 22 Worship Service
